

PARKMORE COMMUNITY BLUE BAG PROJECT

A FREE Specific Waste Collection Service

Dear Resident,

We thank those of you who have participated in this Blue Bag Project since July 2008. As the contracted Mondi Recycling Collector of the paper and other recyclables, in association with the Parkmore Community Association and Pikitup, we are appealing to **ALL PARKMORE RESIDENTS** to be part of the project.

The project encourages Parkmore residents to collect **PAPER** into the **ORANGE bags** and **GLASS, CANS, CERTAIN PLASTICS** into the **BLUE BAG** left outside your gate **EVERY MONDAY** for collection every week (except public holidays). The recyclables will be removed and an empty Ronnie Bag will be returned to your premises, along with a new clear 'blue' bag.

In this regard please find bags as follows:

1 x Orange Ronnie Bag (returnable) for all your unwanted paper such as Newspapers, Magazines, Old Books, Soft Boxes and Office Paper.

4 x Clear Plastic bags for all your 'Other Recyclables' such as cleaned Tins/Cans, Glass Bottles/Jars, Plastic Containers, Milk and Juice Cartons

*The Mondi Recycling Kerbside Pick-Up Project is a **FREE** service. Recycling also creates jobs and saves the environment. For example, every ton of paper recycled, 17 pine trees and three cubic meters of landfill space are saved.*
